

# Makineh Hajebrahimi

Professor of Urology

Chair of Research Center for Evidence Based Medicine

Tabriz University of Medical Sciences, Tabriz, Iran

## Profile

### Research Profiles ID

**Gender:** Female

**Date of Birth:** 1969.9.16

**Marital Status:** Married

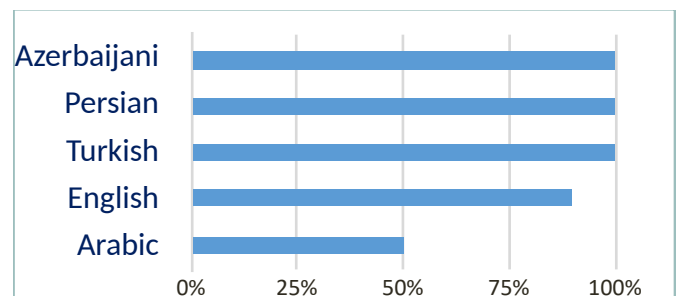

**Country of Origin:** Iran

**Present Nationality:** Iranian

**Researcher ID:** AAY-6933-2020

**Scopus ID:** 57216949536

**ORCID ID:** 0000-0003 -1494-7097

**1987-1994** Orumieh University of Medical Sciences, Orumieh, Iran

**1995-1999** Residency, Urology, Tabriz University of Medical Sciences, Tabriz, Iran

**1994** Iranian Medical Council License

**1999** Board Certify in Urology

### Language Skills

### Education

---

## Fellowships

---

---

## Contact

---

**2002** Urogynecology International Course, McGill University Montreal (by supervision of professor Corcos), Quebec, Canada.

**2003** Neurourology and Urodynamic Research Fellowship from Montreal Children Hospital, McGill University Montréal, Quebec, Canada.

**2003** Female urology Fellowship in Jewish General Hospital, McGill University, Montreal, Quebec, Canada.

**2009** Neuro-urology in Urology Department of Sheffield University (by supervision of professor Chappel), Sheffield, UK.

**2017** Fellowship of Clinical EBM, Adelaide, Australia.

**Address:** Department of Urology, Imam Reza Hospital, Tabriz University of Medical Sciences, Golgasht Street, Tabriz, Iran.

**TelFax** +9841 33342219

**Emails** [hajebrahimis@gmail.com](mailto:hajebrahimis@gmail.com)

---

## Research and Clinical Interests

---

- Female Urology
- Neurourology
- Urodynamics
- Female Sexual Dysfunction
- Evidence Based Health Care
- Systematic Review

---

## Specialized Skills

---

- +20 years' experience in: Diagnosis and treatment of female urinary incontinence, open and minimally invasive methods like TOT, TVT, Mini sling, Bladder neck suspension.

- Diagnosis and management of female uro-genital fistula, including vaginal and abdominal approaches or tras-anal approach for recto-vaginal fistula, Urodynamic study and Neurourology, especially SCI center of war disables.
- Management of overactive bladder, including: medical treatment, Botox injection, Neuro-modulation or augmentation. Diagnosis and management of Female Sexual Dysfunction, pelvic floor dysfunction and prolapsed, male incontinence and surgical management of male to female T.S (T.G).
- Teaching reseach methodology, Evidence Based Practice and systematic review for academic and nonacademic health worker. And managing the related projects.
- Leading national HTA and health management projects in Iran
- Supervising several neururological basic science research
- Co-supervising of several biomechanical modelings and simulations

---

## General Skills

---

- Project Management
- Clinical Leadership
- Team Working
- Multitasking
- IT skills: (Internet, Windows, Microsoft Office, Minitab, SPSS Data collection,Revman, CMA, manipulation, and analysis)

---

## Academic Position

---

- **1999** Assistant Professor of urology in Tabriz University of Medical Sciences (TUMS).
- **2003** General director of researches in TUMS
- **2005** Associate professor of urology in TUMS

- **2005** Director of Evidence based medicine center of TUMS till now
- **2005** Director of neurourology and urodynamics section
- **2007** Educational Deputy of Tabriz Medical School TUMS
- **2008** Program Director of female urology fellowship TUMS
- **2009** Program Director of Clinical effectiveness TUMS
- **2010** Scientific secretary of international EBP in developing countries conference, Tabriz
- **2011** Scientific secretary of Iranian Continence Society conference Tehran
- **2011** Professor of urology in TUMS till now
- **2014** Scientific secretary of annual IUA conference
- **2015** Scientific host of ICS add on course in Kish Island, Iran
- **2016** Scientific secretary of ISEHC Kish Island, Iran
- **2017** Trainer of Cochrane collaboration
- **2017** Scientific Secretary of 1st Tabriz international functional urology congress (TIFU) and ICS urodynamics course Tabriz, Iran
- **2018** Trainer of Joanna brigge institute, Adelaide University, Australia
- **2018** Scientific secretary of 2th TIFU, Tabriz, Iran
- **2018** program director of EBM clinical fellowship program
- **2019** Scientific secretary of 3th TIFU and ICS neurourology course, Tabriz, Iran
- **2021 Visiting professor of Helsinki University**
- **2021** Scientific secretary of 4th TIFU and ICS neurourology, Urogynecology and Advanced Urodynamics Course, Tabriz, Iran
- **Member of national urology board**
- Section editor of Urology Journal
- Member of Editorial board of incontinence reports. Associate Editor of Frontier Urology(neurourology) Journal
- Editorial board of Medical Laser Journal
- Reviewer of more than 20 scientific journals

**2023: Chair of urology department at Tabriz University of Medical Sciences**

**2024: Director of Internationalization office in Faculty of Medicine**

---

## Honors

---

- Member of International Continence Society (ICS)
- Active member of European Urology association (EUA)
- Active member of Society International urology (SIU)
- Chair of, Iranian Urological association & female urology branch
- Member of Iranian Evidence Based Medicine Center
- Chair of Iranian Continence society
- Member of Research Council of Drug Applied Research Center of T.U.M.S
- Chair of developing world committee of ICS
- **Founder of female urology fellowship program in Iran**
- **Founder of Neuro-urology PhD program in Iran**
- **Founder of clinical fellowship of EBM in Iran**
- Director of Iranian EBM center a JBI, Adelaide University, Australia affiliated group
- Member of Iranian Cochran network
- Adjunct Professor of neuroscience research center
- Adjunct professor of school of health management

---

## Awards

---

- **2006** Top assistant professor of Tabriz Medical School
- **2008** Top Associate Professor in Iranian Ministry of health and education
- **2008** Top educational process award (Evidence Based Practice in urology department) Tabriz
- **2011** Top researcher of Tabriz Medical School
- **2017** Trainer of Cochran network in systematic review
- **2018** Top Professor in Tabriz Medical School
- **2018** International trainer of EBM and comprehensive systematic review of JBI, Australia
- Best physician of year **2016 & 2018** (selected by national insurance)

- **2019** Best physician of year (selected by medical council)

---

## **Supervisor & Advisor of Thesis**

---

1. Comparison of the efficacy of tadalafil, tolterodine and placebo in the treatment of women with urgency syndrome, urinary frequency. **(Supervisor)**
2. Comparison of the effect of tamsulosin and prazosin on functional urinary disorders in women. **(Supervisor)**
3. Comparison of anatomical and functional components of pelvic floor in women with urinary incontinence in normal women. **(Supervisor)**
4. Comparison of sexual function before and after tolterodine administration in women with bladder hyperactivity. **(Supervisor)**
5. Outcome of suburethral sling surgery alone compared with suburethral sling with colpography in women with stress urinary incontinence. **(Supervisor)**
6. Comparison of histopathological and biomechanical effects of different tapes used in urinary incontinence in female rats. **(Supervisor)**
7. Predictive value of hematuria in the diagnosis of bladder rupture following midurethral sling urinary incontinence surgery. **(Supervisor)**
8. Consequences of tolterodine administration 3 and 6 months after botulinum toxin an injection in patients with idiopathic overactive bladder. **(Supervisor)**
9. Evaluation of the results of urethroplasty using vaginal wall flap in the treatment of female urethral stricture in a pilot study. **(Supervisor)**
10. Principles and techniques of genitourinary surgery in selected traditional medical books. **(Supervisor)**

11. Prevalence of Urinary incontinence in developing countries: A systematic review and expert recommendation for policy making. **(Supervisor)**
12. Prevalence of voiding dysfunction in Iran and 4 selected low and middle income countries in 2019. **(Supervisor)**
13. Consequences and complications of increased cystoplasty using the new protocol of rapid return of intestinal function compared to the conventional method. **(Supervisor)**
14. The effect of lifting heavy objects on lower urinary tract dynamics using biomechanical and urodynamic simulations in patients with urinary incontinence and normal women. **(Supervisor)**
15. Reliability and validity of ICIQ-SF questionnaire in comparison with urodynamic studies in women with urinary incontinence. **(Supervisor)**
16. Evaluation of the association between prostate cancer and benign prostatic hyperplasia and intraepithelial neoplasia following prostatectomy or prostate biopsy and its relationship with the patient's clinical symptoms in Imam Khomeini Hospital in Tabriz. **(Supervisor)**
17. The effects of intravenous thyrotropin-releasing hormone (TRH) on duct closure pressure in women with urinary dysfunction. **(Supervisor)**
18. Prevalence of male factor in infertile couples referred to Al-Zahra Infertility Center. **(Supervisor)**
19. Prevalence of lower urinary tract symptoms and other urological conditions in men over 40 years of age in Tabriz. **(Supervisor)**
20. Clinical and paraclinical comparison of anatomical condition of urinary tract and bladder in patients with urinary incontinence and normal women. **(Supervisor)**
21. Efficacy of Tadalafil on lower urinary tract symptoms of patients with ureteral stents. **(Supervisor)**

22. Ophthalmic evaluation of sulifenacine succinate in women with narrow-angle glaucoma and symptoms of recurrent syndrome-urinary urgency. **(Supervisor)**
23. Evaluation of side effects of anticholinergic drugs and other drug therapies in recurrent syndrome-urinary urgency in adults: a systematic review and meta-analysis. **(Supervisor)**
24. The effect of pushing and pulling heavy objects on the dynamics of the lower urinary tract using biomechanical and urodynamic simulations in women with normal urinary incontinence. **(Supervisor)**
25. The effect of mesenchymal stem cells in the treatment of an experimental model of neurogenic bladder. **(Supervisor)**
26. Evaluation of long-term consequences of using synthetic meshes in the treatment of women with genital prolapse. **(Supervisor)**
27. Efficacy of Solifenacin and trospium chloride on neurogenic bladder after stroke: a multicentric three arms placebo-controlled trial. **(Supervisor)**
28. Design of a risk prediction calculator for patients with urinary incontinence in moderate to severe pelvic organs prolapse surgical candidate. **(Supervisor)**
29. Design and assessment of Pelvic Floor Disorders Registry System in Urology Clinics of Tabriz University of Medical Sciences. **(Supervisor)**
30. Designing model of evidence-based management for hospitals in Iran. **(Supervisor)**
31. Developing Relative Value of selected surgical services in Tabriz Teaching Hospitals. **(Supervisor)**
32. Long-term outcome of synthetic mesh use in the treatment of genital prolapse. **(Supervisor)**
33. A comparison of the results of urethral pressure profilometry in asymptomatic volunteers in standing, sitting and supine positions with empty and full bladder. **(Supervisor)**

34. Combination of midurethral sling vs low-dose dysport injection in comparison with midurethral sling alone in mixed incontinence. **(Supervisor)**
35. Comparison of enhanced recovery protocol and routine bowel preparations for augmentation cystoplasty. **(Supervisor)**
36. Comparison of urethral band surgery and pelvic floor muscle exercise with restorative procedures on urodynamic parameters of the bladder in patients with moderate incontinence and pelvic floor laxity. **(Advisor)**
37. Evaluation of uroflowmetry findings of asymptomatic men aged 20 to 40 years in three standing, sitting and squatting positions. **(Advisor)**
38. Evaluation of symptom improvement in patients with benign prostatic hyperplasia undergoing medical treatment with operated patients. **(Advisor)**
39. External evaluation of urinary catheter implantation standards by interns of teaching hospitals of Tabriz University of Medical Sciences. **(Advisor)**
40. The effect of pelvic floor physical therapy on sexual function and strength and endurance of pelvic floor muscles in women with painful intercourse. **(Advisor)**
41. Evaluation of clinical results of ureteral and pelvic stones surgery and its complications by laparoscopic retroperitoneal method and its comparison with open surgery. **(Advisor)**
42. Educational Challenges of Full-Time Plan for Clinical Physicians, Faculty Member, Tabriz University of Medical Sciences. **(Advisor)**
43. Comparison of quality and method of searching and retrieving clinical evidence between medical librarians and clinical specialists in knowledge management units of Tabriz University of Medical Sciences. **(Advisor)**
44. The effect of pelvic floor muscle training on female sexual function in pregnancy and postpartum: a randomized controlled clinical trial. **(Advisor)**
45. Comparison of enuresis treatment with desmopressin-tolterodine and desmopressin alone. **(Advisor)**

46. 5-fluorouracil and cisplatin drugs resistance in the treatment of head and neck squamous cell carcinoma: systematic review. **(Advisor)**
47. Development and evaluation of an ontology-based clinical decision support system for urinary incontinence based on Iranian adapted evidence-based clinical practice guidelines. **(Advisor)**
48. Health literacy, social support, self-care behaviors and quality of life among hemodialysis patients: a systematic review. **(Advisor)**
49. The evaluation of long term follow up results of urethroplasty in patients with urethral stricture - a systematic review. **(Advisor)**
50. Radiologic findings in patients with COVID19. **(Advisor)**
51. Developing a Framework for Implementation of Clinical Guidelines in Iranian Hospitals. **(Advisor)**
52. Fasting during Ramadan and three common kidney diseases: patients with a kidney transplant, renal failure and urolithiasis. **(Advisor)**
53. Predictive values of medical students and graduates' future performance by non-cognitive traits' assessment criteria and methods: A systematic review and Meta analysis. **(Advisor)**
54. Study the results of pelvic floor prolapsed repair in vaginal surgery (anterior colporrhaphy with mesh and Sacrospinous ligament suspension) and abdominal approach (Sacropexy and Hysteropexy). **(Advisor)**
55. External evaluation adherence to standards of urinary catheterization by interns of Tabriz University of medical sciences hospitals, 2016-2017. **(Advisor)**
56. Cost-effectiveness Analysis of Screening for Chronic kidney disease. **(Advisor)**

---

## Research Projects

---

1. Development of a mission-based national plan for medical sciences universities of Iran
2. Tamsulosin VS placebo treatment of females voiding dysfunction
3. Validity and reliability of the Persian version of the 3-day bladder diary questionnaire in a sample of Iranian patients with lower urinary tract symptoms
4. Anterior Approach to Sacrospinous Ligament Fixation for Pelvic Organ Prolapse: A case series study of new surgical technique
5. CO2 delivery during endoscopy by using CO2 regulator
6. Design and fabrication of an animal urodynamics device
7. Strategies in Functional Urology and Urogynecology for transition to the new COVID-19 era: a Delphi consensus ICS project
8. Lower urinary tract dysfunction with SARS-CoV-2 infection.
9. Association between the urinary microbiome and Bacillus Calmette Guerin (BCG) response in high grade non-muscle-invasive bladder cancer (NMIBC)
10. The effect of sericin on neuronal function in rats with underactive bladder following lumbar canal stenosis
11. Design and construction of prostate examination robotic simulation system
12. Vaginal sacrospinous ligament fixation versus abdominal sacrocolpopexy with PRS mesh for the treatment of apical vaginal compartment: A retrospective case series study
13. The investigation of the effect of mesenchymal stem cells in the treatment of an experimental model of the underactive bladder following spinal canal stenosis
14. Validity and reliability of the Persian version of the neurogenic bladder symptom score (NBSS) questionnaire in a sample of Iranian patients with neurogenic bladder

15. effect of cerebrolysin on neuronal stem cell proliferation and TNF- $\alpha$  in the rat model of spinal cord injury
16. Diagnostic accuracy of urinary nerve growth factor level as a biomarker in detrusor overactivity of women with mixed urinary incontinence
17. Efficacy and Cost effectiveness of (Sacubitril and valsartan) with (ACE inhibitors) in treatment of Chronic Heart Failure
18. Pelvic Floor Muscle Training course in mother fit settings: design and implementation
19. Guideline for Physical Therapy in patients with corona virus: Translation, Localization and update
20. Prospective post-exposure hydroxychloroquine prophylaxis for Covid 19
21. Sensitivity and specificity comparison of Chest CT and RT-PCR for COVID-19
22. Quality assessment of RCTs included in Cochrane Sexually Transmitted Infections systematic reviews
23. Neurocognitive Impact of Anticholinergics: a Systematic Review and Meta-analyses
24. The impact of sericin on underactive bladder function
25. Quality assessing of RCTs in Cochrane Prostatic Diseases and Urologic Cancers Group systematic reviews: a systematic review and meta analysis
26. Quality assessing of RCTs in Cochrane kidney and transplant Group systematic reviews: a systematic review and meta analysis
27. Quality assessing of RCTs in Cochrane Gynaecological Cancer Group systematic review: a systematic review and meta analysis
28. The MicroRNAs (miRNAs) expression level in urological diseases: a systematic review and meta-analysis
29. Systematic review and meta-analysis of neurogenic bladder treatment methods in parkinson disease

30. A systematic review of educational interventions for prevention stroke among old people
31. A comprehensive visual report for the urodynamic studies in rats
32. Available pharmacotherapy in the management of overactive bladder: a systematic review
33. Updating Adapted Clinical Practice Guideline of Incontinence
34. Guideline for Physical Therapy in patients with Stress urinary incontinence: Localization and update
35. Evaluation of labor and standardization at Talegani hospital in 2017-2018
36. Nurses experience in burn patient care: a qualitative systematic review
37. The Effectiveness of Probiotics for Human Viral Gastroenteritis: a Systematic Review and Meta-Analysis
38. Improving prevention of surgical site infection in operating rooms process using clinical audit method at Sina hospital in Tabriz
39. Use of patient perspectives in health policy making: a systematic review
40. Accuracy of biomarkers in diagnosis and management of SCI-induced neurogenic bladder
41. Comparison of the effect of Phenobarbital and Diazepam on prevention of febrile convulsions in Children under 6 years: a systematic review and meta-analysis
42. Tackling microbial resistance: a systematic review of policies
43. Ontology based clinical decision support systems: a systematic review
44. Systematic review and meta-analysis of the effect of stem cell therapy in treatment of neurological disease- induced neurogenic bladder (Parkinson disease, MS, SCI, CVA/Stroke)
45. Barriers, challenges and solutions in Medical Tourism: Systematic review

---

## Publications

---

### A) Books

No.	Title	Year
1	Evidence-Based Practice Textbook (Translate to Persian)	2008
2	Clinical Effectivness (Persian)	2012
3	Handbook of Evidence-Based Medicine (Persian)	2021
4	Book Chapter of Iranian Urology Text book (Persian)	2021
